Industry Segment

Please estimate the share of your business in each of the following industry segments.

Aerospace	_____ %	Industrial	_____ %	Vehicle (other)	_____ %
Agricultural	_____ %	Marine	_____ %	Wind Energy	_____ %
Construction	_____ %	Mining	_____ %	Other (please list)	_____ %
Electronics	_____ %	Vehicle Powertrain	_____ %		_____ %

Method of Payment

PLEASE RETURN THIS FORM AND PAYMENT IN U.S. FUNDS TO THE FOLLOWING ADDRESS:

American Gear Manufacturers Association
Attn: Membership
1001 N. Fairfax Street, Suite 500, Alexandria, VA 22314 USA

The proceeds from membership dues support critical educational, technical and government affairs activities that benefit all members. Dues payments may be deductible as a business expense.

Enclosed is my check, drawn on a U.S. bank made payable to **American Gear Manufacturers Association**.

Credit Card (VISA, Mastercard, or American Express)

Name on Credit Card (please print): _____

Credit Card Number: _____ Expiration Date: _____ CVV: _____

Signature of Card Holder: _____

Wire Transfer - e-mail membership@agma.org to receive instructions for submitting payment via wire transfer.

PREVIOUS FISCAL YEAR ANNUAL SALES VOLUME \$ _____ U.S. dollars

Please see "Membership Categories" on next page for instructions on calculating dues.

TOTAL AMOUNT DUE: \$ _____

I affirm that the information submitted is accurate.

Name (please print): _____

Title: _____

Dues Schedule

Application for membership must be submitted with payment of one year's dues. AGMA membership is for a calendar year (January 1st – December 31st). If applicable, dues for the second year will be prorated. All dues, after the first year, are payable by January 31.

Membership Categories

Gear Manufacturer (Company Membership)

Companies that manufacture gears, gear products, and/or flexible couplings for sale as such, or as component parts of end-use products. Companies must have a bona fide gear or flexible couplings manufacturing facility. Dues are based on the total annual sales volume for the previous fiscal year. Total annual sales volume is defined as the total worldwide sales (in U.S. dollars) of all gears, gear products, and flexible couplings whether sold as such, included in end-use products or as replacement parts.

Minimum dues: \$1,994 plus \$471/\$1,000,000 of volume in excess of \$1 million

Maximum dues: \$19,052

End User (Associate Membership)

Companies that do not manufacture any gears, but use gears, gear products, and/or flexible couplings as component parts of end-use products.

Dues: \$3,145

Supplier to the Industry (Associate Membership)

Companies manufacturing and/or selling machinery, raw materials, or services (including inspection, testing, consulting, and sales representation). Dues are based on total worldwide sales attributable to the gear production industry.

Minimum dues: \$3,145 plus \$471/\$1,000,000 of volume in excess of \$1 million

Maximum dues: \$11,127

Individual Technical Consultant

Individual Technical Membership is restricted to consultants to the gear industry. The individual must be engaged in full time consulting as a sole proprietor of his/her company. Individuals who are employed either full-time or part-time by a company or corporation are not eligible for Individual Technical Membership.

Dues: \$885

Academic

AGMA has a special Academic Membership for educational institutions. Teachers of Engineering or Department Heads may apply for membership. Applicants should submit a letter from the applicant's superior, on university letterhead, stating that the applicant is involved in mechanical power transmission education and, in his opinion, the applicant is eligible for membership in the American Gear Manufacturers Association. Students are not eligible for membership in AGMA.

Dues: \$72

Emeritus

Emeritus Membership is for individuals retired from the gear industry. The member will have been involved in the gearing industry for a significant portion of their career. Member is retired or no longer working in the industry either as an active individual consultant or for a company.

Dues: \$72

Questions?

If you have any questions relating to AGMA membership or activities, please call 703.684.0211 or e-mail membership@agma.org.

Membership Additional Information

AGMA maintains strictest confidentiality and guarantees that operational or financial data provided on this form will not be revealed to any person outside the necessary staff to process this application.

Additional Employees for Database

Company officials and additional employees that work at the corporate address for your account.

What Does Your Company Sell?

Please indicate all products that your company manufactures or sells. This information will be used to represent your business in the appropriate Membership Directory/Product Locator section(s) free of charge.

Loose Gears

- Bevel Gears – Spiral, Hypoid, Zerol
- Bevel Gears – Straight
- Circular Arc/Non-Involute Gears
- Double Helical/Herringbone Gears
- Face Gears
- Fine Pitch Gears
- Ground Gears
- Helical Gears
- Internal Gears
- Master Gears
- Planetary Gear
- Plastic Gears
- Powder Metal Gears
- Racks
- Spur Gears
- Worms & Worm Gears

Gear Materials

- Forgings
- Gear Blanks
- Iron
- Plastics/Polymers
- Powder Metallurgy

Gear Boxes/Enclosed Drives

- Bevel (1 to 10kW) 1.34 – 13.4hp
- Bevel (Over 10kW) > 13.4hp
- Coaxial
- Electric Geared Motors
- Gear Units (Under 1kW)
- High Speed $plv > 35m/sec$ (6890ft/min)
- Parallel Shaft (1 to 10kW) 1.34hp – 13.4hp
- Parallel Shaft (Over 10kW) > 13.4hp
- Planetary and Epicyclic Drives
- Variable Speed
- Worm (1 to 10kW) 1.34hp – 13.4hp
- Worm (Over 10kW) > 13.4hp

Equipment (Manufacturers Only)

- Machine Tools – Bevel Gears
- Machine Tools – Grinders
- Machine Tools – Hard Broaching
- Machine Tools – Hobbers
- Machine Tools – Honing of Gear Flanks
- Machine Tools – Shapers
- Measurement
- Tooling
- Other

Related Products

- Balancing Systems
- Bearings
- Belt Drives
- Chain Drives
- Cleaning/Equipment
- Clutches and Brakes
- Control Systems
- Couplings Torsionally Soft
- Couplings Torsionally Stiff
- Cutting Tools
- Lubricants
- Other Products (General)
- Slewing Rings
- Splines
- Sprockets
- Workholding Devices

Services

- Assembly
- Break Down/Emergency
- Consultancy
- Design
- Engineering
- Failure Analysis
- Gear Finishing
- Gear Grinding
- Gear Repair/Gear Unit Repair
- Injection Molding
- Heat Treatment
- Metrology
- Prototypes
- Research and Design
- Services (Other)
- Shot Peening
- Spline Rolling
- Surface Coating
- Testing

AGMA Committees

Members may participate in a variety of management and technical committees. Please indicate the business management and/or technical committees you would like to know more about. (Check all that apply.)

Business Management

- Annual Meeting Committee
- Education Committee
- Emerging Technology Committee
- Industry Voice Committee
- Membership Committee
- Statistical Planning Committee
- Strategic Resources Network
- Trade Show Advisory Committee

Technical Development

- Aerospace Gearing Committee
- Bevel Gearing Committee
- Computer Programming Committee
- Cutting Tools Committee
- Enclosed Drives for Industrial Applications Committee

Technical Development (continued)

- Epicyclic Enclosed Drives Committee
- Fine-Pitch Gearing Committee
- Flexible Couplings Committee
- Gear Accuracy Committee
- Helical Enclosed Drives High Speed Units Committee
- Helical Enclosed Drives Marine Units Committee
- Lubrication Committee
- Metallurgy and Materials Committee
- Mill Gearing Committee
- Nomenclature Committee
- Plastics Gearing Committee
- Powder Metallurgy Committee
- Sound & Vibration Committee
- Spline Committee
- Vehicle Gearing Committee
- Wind Turbine Gear Committee
- Wormgearing Committee

If you would like more information on particular committees please e-mail membership@agma.org.
