

AGMA 2025 Curated Tour on the RAPID Show Floor

- | | | | | |
|---|----------|---------|---|--|
| 1 | 10:00 AM | 1107-19 | Etxe-Tar Spain
Etxe-Tar makes LP-DED solutions. They were featured in the Feb. AGMA ET webinar for their work in fixing a gear using this technology. | BREAK - 30 min |
| 2 | 10:15 AM | 2901 | Colibrum Additive worldwide (Formerly GE Additive) MACHINES: electron beam powder bed fusion, laser powder bed fusion and binder jet printers. | 9 11:45 AM 3451
Nidec Michigan/
AGMA Member - DED machines |
| 3 | 10:25 AM | 3701 | Fictiv California
A new way of sourcing custom mechanical parts. | 10 11:55 AM 3150
Freemelt Sweden
Develops advanced 3D printers for metal components (E-PBF). |
| 4 | 10:35 AM | 3805 | U. of Waterloo MSAM Canada
U. Waterloo's Multi-scale Additive Manufacturing Lab is one of the largest of its kind in N. America. | 11 12:05 PM 2851
Patheon Design Canada
Creating affordable 3D printing industrial machines. |
| 5 | 10:45 AM | 1221 | Rev1 Technologies Michigan
Advanced 3D scanning solutions. | 12 12:15 PM 2246
ToffeeX UK
Physics-driven generative design software. |
| 6 | 10:55 AM | 3008 | Nikon Advanced Mfg. California
Combining experience in high-tech manufacturing with machine capabilities. | 13 12:25 PM 3341
Sandvik Sweden
One of the largest material makers in the world. |
| 7 | 11:05 AM | 2913 | 6K Additive Massachusetts
Material maker | 14 12:35 PM 1627
Xact Metal Pennsylvania
Affordable metal 3D printing machines. |
| 8 | 11:15 AM | 3122 | Globus Metal Powders UK
Highly spherical powders for mission critical and safety conscious applications. | 15 12:45 PM 1627
Assembrix France
Virtual Manufacturing Space platform (VMS) |
| | | | | 16 11:00 PM 1627
ANCA Australia
AGMA Member - CNC grinding machines, motion controls and manufacturing solutions. |
